

Bentleys

INTERIOR FIT OUT CONTRACTOR

Case Study - Education Sector
www.bentleys-shopfitting.co.uk

A taste of what we do . . .

- From lecture theatre to multi media suite fit outs, offices to bakery teaching area installations, we have the experience
- Involving audio visual, voice & data, fire alarms, fixed seating and 'M&E' works, we deliver the complete package through our network of reliable subcontractors
- We don't want students to miss lectures - that's why we focus on seamless teamwork to ensure deadlines are met
- And of course, we ensure projects are completed within budget providing quality cost information to the client throughout the project

Complete refurbishment of lecture theatre with full AV system installed

Bespoke lectern manufactured to be fully height adjustable

Manufacturing abilities . . .

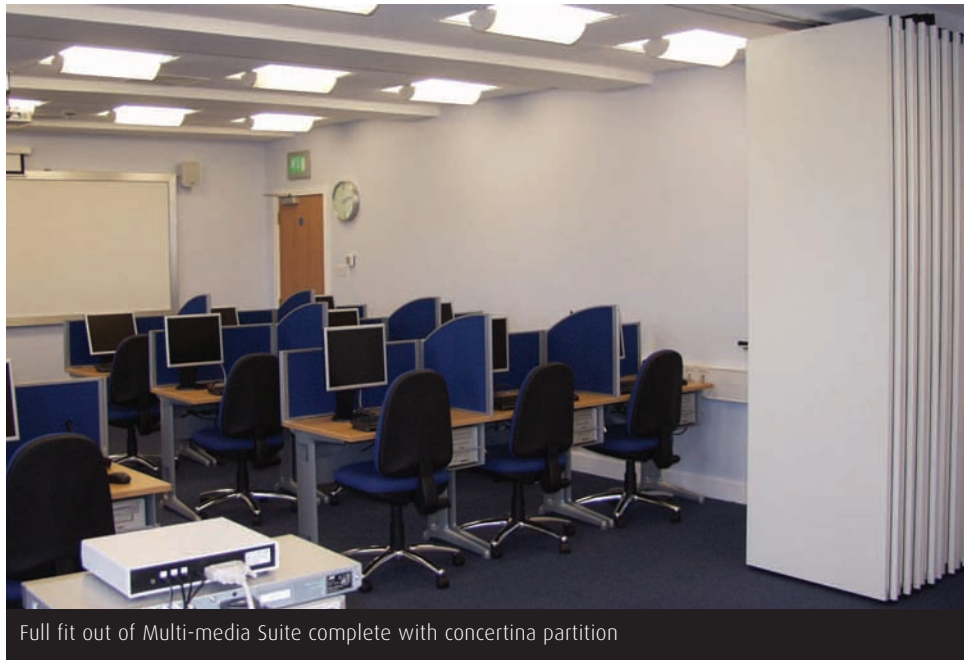

- In addition to a first class interior fit out service, Bentleys have an in house manufacturing facility complete with setting out division
- Scope of works include bespoke manufactured lecterns, desks, "sound absorbing" wall panels and ceiling features
- Our design development team play an important role in every project working closely with the project architect to ensure items are designed to address all construction issues
- With over 20 years of experience we can create the highest quality bespoke furniture

Bentleys added value . . .

- A strong brief is essential - we offer to help you in developing the brief if required
- Keeping to budget is crucial - that's why we put forward recommendations if savings can be made
- Same point of contact is important - from consultation through to fit out, you will have the same project manager
- You can be assured that a Director will oversee the progress and performance of each project

Extensive refurbishment of an A listed building in keeping with existing building

Full fit out of Multi-media Suite complete with concertina partition

Don't just take our word for it . .

"As the building was partially occupied when works were being undertaken it was vital that Bentleys kept noise to a minimum and kept the site tidy which they did at all times. I was always kept informed of progress via site meetings and reports which made my job a whole lot easier."

Allan Watson, Project Manager, Dundee University

"It is imperative that we maintain the highest of standards at St Andrews University and by entrusting Bentleys to carry out our refurbishment works, we can rest assured that they only provide the highest quality of workmanship."

University of St Andrews

Bentleys Experience

Bentleys

INTERIOR FIT OUT CONTRACTOR

Dundee University - Wilson House

Working as the principle contractor, this 2 phase project encompassed full fit out of laboratories complete with lab fittings.

In addition to workshops, CAD offices, seminar rooms, shower facilities and installation of partitions.

University of St Andrews

After proving ourselves on the 1st project back in 2006 in refurbishing 4 lecture theatres within an extremely tight timeframe,

We are now commencing work on a 16th lecture theatre / teaching space fit out.

Dundee College

From creation of office space to a hair dressing salon, various phases of work have been completed on time and to budget.

The fit out of a full industrial teaching bakery was also part of the project.

Various schools

We manufacture completed joinery products for other contractors either on a supply only basis or provide an installation service when required.

Bentleys can offer practical design advise too.
