INTERIOR FIT OUT CONTRACTOR

## The Apex Hotel & Spa Dundee

All of the specialist joinery requirements for the public spaces, spa and reception area were provided.

Bentleys were able to offer practical design advice too.

## The Old Course Hotel & Spa St Andrews

In addition to refurbishing the Spa treatment / changing rooms and reception area, we manufactured all of the bespoke joinery including the reception desk, storage and display units.

## The Gleneagles Hotel Auchterarder

Having already fitted out the food emporium & restaurant, we were sub-contracted by ROK to manufacture and fit the spa treatment room furniture and reception area.

## The Balmoral Hotel Edinburgh

Within this grade B Listed building, it was imperative that we were sympathetic to and maintained, the existing decor.

Sensitive to the fact that guests were residing in the hotel, a flexible approach to work was adopted.

As the main contractor we fitted a modern gym complete with pilates and kinesis.

Completed on time and to budget this led to the fitting out of the spa area.
